

Policy on: ASSISTANCE IN THE EDUCATION OF EMPLOYEES AND DEPENDENTS
Summary of Policy: Tuition benefits for employees and eligible dependents
Dept. or Position Responsible for Policy: Human Resources
Date of Last Revision: August 2021

Rationale: To outline the tuition benefit programs for employees and eligible dependents.

PROGRAMS

1. Undergraduate Tuition Grants for Dependents

According to the following schedule, tuition grants are available for eligible dependents who wish to attend Juniata College on a full-time basis as a matriculated degree-seeking student:

Consecutive Years of Employment Completed	Amount of Grant
•	1/3 non-resident general fee
•	2/3 non-resident general fee
•	Non-resident general fee

Prior employment in higher education institution may count towards the consecutive years of employment. To be eligible for this benefit, prospective students must meet admission requirements.

The consecutive employment requirement is waived for spouses of employees and for dependents taking courses as part-time students. Dependents who are not matriculated as full-time degree-seeking students may take two courses per semester during the regular session or summer session without tuition charge on a space available basis.

2. Undergraduate Tuition Exchange Programs

Scholarships through the Tuition Exchange program and the Brethren Colleges Exchange program are available to eligible dependent children of employees who have completed one consecutive year of service to Juniata College.

3. Undergraduate Tuition Grants for Employees

Employees may take 4 credit hours per semester or summer session without tuition charge on a space available basis. Employees must have the approval of their supervisor and the Executive Director of Human Resources in order to take courses during working hours. Working time must be made up unless the course is "job related" as documented by the immediate supervisor and the Executive Director of Human Resources.

4. Graduate Tuition Grants for Employees

Employees of Juniata College who have completed at least one calendar year of employment and are in good performance standing are eligible for graduate tuition grants. The College reserves the right to limit employee enrollment to 25 percent of total course enrollment. The 100 percent tuition benefit for graduate coursework is available only to employees and is not available for spouses or dependents. Employees are limited to no more than 16 credits per year. Fee-based support services provided to students (e.g., access to counseling and health services) are not available to employee students under the terms of this program – those supports are provided as a part of the regular employment benefits program. The value of this benefit may be taxable. The employee should notify the Executive Director of Human Resources of the intention to matriculate into a Graduate level program at Juniata College.

5. Tuition Grants for Retirees

Retirees of Juniata College and their spouses are eligible to take one course per semester or summer session without tuition charge on a space available basis.

Eligibility

Full-time employees, spouses, and dependent, unmarried, and natural, step, or legally adopted children of full-time employees of Juniata College shall be eligible for educational assistance programs as listed below. For purposes of this policy,

- a dependent child is defined as one who is claimed on the current IRS form as a dependent. A copy of the current form may be required. Some programs have specific eligibility requirements which are listed with the program description.
- “matriculated” shall have the distinction of meaning a degree-seeking student; one who has applied for and been granted admission and is accumulating credits toward an undergraduate education, subject to the limitations of a maximum of four regular academic years up to a maximum of 128 attempted credit hours.

Dependents of deceased employees, who would have satisfied all other criteria and who had been employed at Juniata for ten years or more, are eligible for Juniata College grants.

Dependents (as previously defined) of retired employees, who would have satisfied all other criteria and who had been employed at Juniata for ten years or more and reached age 55 at time of retirement, are eligible for the Juniata tuition benefit. Dependents (as previously defined) of employees who become disabled, are receiving long term disability and have 10 years of service with Juniata are eligible to receive the Juniata

tuition benefit.

Regular registration procedures must be followed and the student must meet the College's admission requirements. Good academic standing must be maintained for the continuation of the grant. Some restrictions and limitations apply.

Qualifications

- Regular registration procedures should be followed and the student must meet admission requirements.
- Good academic standing as defined in the Juniata College catalog must be maintained for continuation of the grant. The benefit will be discontinued after 4 course withdrawals or 4 failing grades.

Restrictions/Limitations

- All undergraduate tuition grants, whether exchange, Juniata grants or a combination, are available for a maximum of four regular academic years' matriculation (degree-seeking student) up to a maximum of 128 *attempted* credit hours.
- Tuition grant/tuition exchange scholarships are not available for study abroad programs or other non-Juniata College courses of study. Financial aid and actual study abroad tuition costs will be applied.
- Grants apply exclusively to tuition charges. They do not apply to other fees such as textbooks or other required academic resources.
- Application may be made for non-Juniata aid through the Office of Student Financial Planning. However, any combination of employee tuition grants and other Juniata College awards cannot exceed tuition.
- Tuition grants are not available for Credit by Exam or Independent Study during the summer.
- Employees (nor dependents, where applicable) will not be counted as paying students for the purpose of determining whether or not a course has sufficient enrollment for the course to be offered.
- Tuition Grants are not available for Continuing Education courses.
- There is no guarantee that there are tuition exchange placement positions available in any given academic year, either from the point of view of the importing (host) institution or from the point of view of the number of export positions for which the College qualifies. In the event that the College is eligible for a limited number of exports, the awarding of scholarships shall be determined yearly on the basis of employee seniority.
- Under the Tuition Exchange program, a family will ordinarily be limited to a maximum of four years participation in an exchange program during a year that the College is under export restrictions. Families who have already received four or more years of benefits will be given last priority, independent of seniority. This limitation does not apply to all exchange programs.
- Tuition grants do not apply to spouses or children of visiting professors or to one-year replacements of regular faculty on leave.

Appeals from dependents of employees may be made to the Executive Director of Human Resources for consideration of special circumstances regarding time (credit) limits and academic standing.

Procedures

- Information about all educational assistance programs, as well as lists of participating exchange institutions, is available from Human Resources.
- The employee should notify the Executive Director of Human Resources by November 1 of the student's intention to matriculate at Juniata or elsewhere in the immediately following academic year.
- For employees and dependents attending Juniata College, the grant will be applied to the student account upon submission of the employee's tuition grant request form to the Office of Human Resources prior to the beginning of the semester. If this form is not completed, the student will be billed for the tuition.
- Applications for exchange scholarships should be submitted to the Executive Director of Human Resources no later than November 1 of the year preceding expected enrollment. Persons who miss the November 1 deadline will receive last consideration for exchange scholarships regardless of seniority.
- The final decision on the awarding of exchange scholarships during a year of limitations is made by the Executive Director of Human Resources in consultation with the President.

The foregoing policies are subject to review and change by the Board of Trustees of Juniata College at any of its regular meetings.

Approved by Executive Committee of the Board of Trustees 10/16/93.
