

# Copay Armor Drug List (Effective 1/1/2022)

## Protection from high-cost medications

Copay Armor, powered by PillarRx Consulting, helps to leverage manufacturer assistance dollars to lower your prescription out-of-pocket costs. No matter what, your out-of-pocket costs will always be the same or less than what you're currently paying.

Copay Armor is driven off a unique drug list of high cost mostly specialty medications that utilize manufacturer assistance dollars. The list of medications will apply a 30% cost share across the drug list. The 30% was chosen to maximize the amount of assistance that is provided by the manufacturer.
